### Dear Friends:

Paying for college can be difficult, but California has always been a leader in providing eligible students with an affordable college education.

Cal Grant, a need-based financial aid program, has been a big part of making college affordable for many California families.

That is why, on **Saturday, January 30th, there will be a Cal Grant Workshop at Los Angeles Mission College.** Experts will be on hand to walk you through the process of applying for a Cal Grant.

Qualified students can get up to \$9,708 a year to attend almost any college in California – awards will vary depending on economic need, grades and the college you attend.

Last year, new Cal Grant award offers were made to over 125,000 students. To qualify, students must have a 2.0 GPA or higher and submit two application forms no later than March 2nd.

There are some financial requirements which can be met by many typical California families. For example, a family of four with a household income as high as \$80,200 would still be eligible.

See you on the 30th!
